Website Update Brief – epicandflair.com

For the web designer · Epic and Flair Ecom Pvt. Ltd. · 8 November 2026

1. What to Change on the Current Website

Current preview: broad-fire-0f77.pages.dev. The design is clean, but it reads like a **retail fashion store in Bengaluru**. We are a **B2B garment manufacturer-exporter**, so the content must change.

★ Must fix before going live

Remove all placeholder details: the "Flagship, Indiranagar, 100 Feet Road, Bengaluru 560038" address, the dummy phone **+91 80 1234 5678**, the dummy WhatsApp **+91 98765 43210**, the "Every day, 11 to 8" store hours and "Get directions" link, and **© 2025** (change to © 2026). Foreign buyers who check a fake address will think we are a scam.

Current	Change to
Hero: "The essential edit. Considered pieces, quiet confidence…"	**"Cotton Pants Manufacturer & Exporter from India"**, with sub-line *"Since 2001 · Job work production at partner factories · Export-ready quality"* and buttons **Request a Quote** and **Download Catalogue**
Nav: The edit / The pant / Visit us	**Home · About Us · Products · Our Facility · Quality & Export · Contact**
"The Pant – Made for the in-between" (one image)	**Products page** with all colours, size chart, fabric, MOQ and an enquiry button (sections 3–9 below)
"Come by. Stay awhile." (store visit)	**"Let's work together"**: an export enquiry form (name, company, country, product, quantity, message)
"WhatsApp concierge"	**WhatsApp Export Enquiry** with our real number and a pre-filled message: *"Hello, I am interested in your cotton pants. Please share the catalogue and price."*
Footer: logo and © 2025	Logo, **Epic and Flair Ecom Pvt. Ltd.**, real Bidar address, phone, **export@epicandflair.com**, © 2026, Privacy Policy

New sections to add:

1. **About Us:** our story (section 10).
2. **Our Facility:** the edited partner facility video (*EpicandFlair_Partner_Facility_Video.mp4*) with the caption *"Partner manufacturing facility, South India. Video used with permission."*
3. **Quality & Export:** fabric inspection, QC before packing, third-party inspection welcome, FOB/CIF shipping, sample policy.
4. **Download Catalogue (PDF)** button.
5. **Mobile-friendly** layout, fast loading, and a **Google Analytics** or similar visitor tracker.

2. Brand Guidelines

2.1 Colours (taken from our logo)

Role	Colour	HEX	Use
Primary	Black	**#000000**	Logo, headings, main text
Accent	Epic Orange	**#FD9929**	The "&" in the logo, buttons, links, highlights, icons
Background	White	**#FFFFFF**	Main page background
Supporting	Warm off-white	#FAF7F2	Section backgrounds, product cards
Supporting	Charcoal	#2B2B2B	Body text (softer than pure black)

Role	Colour	HEX	Use
Supporting	Light grey	#E6E3DE	Borders, dividers, table lines

Rule: about **80% white or off-white, 15% black or charcoal, 5% orange.** Use orange only for things we want buyers to click or notice.

2.2 Fonts (free Google Fonts)

Use	Font	Weight
Headings	**Montserrat** (matches the designer's product-details card)	SemiBold 600 / Bold 700
Body text	**Inter** (or Open Sans)	Regular 400 / Medium 500
Alternative for headings (closest to the logo's geometric style)	Questrial or Didact Gothic	Regular

2.3 Logo usage

- **Files to prepare:** (1) full colour, black with an orange "&", on white; (2) **reversed**, white with an orange "&", for dark backgrounds; (3) **icon only**, an orange "&" or "E&F" mark, for the favicon and social media.
- **Formats:** SVG (web), PNG with transparent background (2000 px), JPG.
- **Clear space:** keep empty space around the logo of at least the height of the "&".
- **Minimum size:** 120 px wide on screen.
- **Don't:** stretch, rotate, change the colours, add shadows, or place it on busy photos.

2.4 Tone of voice

Professional, warm and confident. Short sentences, simple British English. Use words like *cost-effective, export-ready, consistent quality, partner*. Avoid *cheap* and *best price*.

3. Product Details

Field	Detail
Product	Cotton Pants (casual)
Number of colours	15–20
Fabric	Cotton Lycra (stretch)
Fit	Comfort fit
Sizes	28, 30, 32, 34, 36, 38, 40, 42, 44
Packing	Individual polybag
MOQ	500 pieces
Production	Job work at partner factories, South India

4. Colour Variants and Swatches (15–20 colours)

★ Important

The names and HEX codes below are **suggested display swatches**. The designer must **match each swatch to the real fabric photos** (photograph with a grey card in natural light). Final colour names and codes must be confirmed against the actual samples.

Code	Colour name	Display HEX (approx.)
EF-CP-01	Jet Black	#1C1C1C
EF-CP-02	Navy Blue	#1F2A44

Code	Colour name	Display HEX (approx.)
EF-CP-03	Charcoal Grey	#3C3F44
EF-CP-04	Steel Grey	#6E7378
EF-CP-05	Light Grey	#B5B5B2
EF-CP-06	Khaki	#B7A57A
EF-CP-07	Beige	#D6C4A1
EF-CP-08	Cream	#EDE4CF
EF-CP-09	Olive Green	#5B5F3A
EF-CP-10	Bottle Green	#2F4A3A
EF-CP-11	Coffee Brown	#5A3E2B
EF-CP-12	Tan	#A47551
EF-CP-13	Camel	#C19A6B
EF-CP-14	Maroon	#5E1F28
EF-CP-15	Rust	#9C4A2F
EF-CP-16	Mustard	#C79A2E
EF-CP-17	Sky Blue	#8DAFCB
EF-CP-18	Teal	#2F6B6B
EF-CP-19	Dark Brown	#3E2A20
EF-CP-20	Ash Blue	#5F7486

Website display: round swatch circles under the product photo. Clicking a swatch changes the photo to that colour, and the colour code shows on hover.

5. Size Chart (waist sizes 28–44)

Size	Waist (inches)	Waist (cm)
28	28	71
30	30	76
32	32	81
34	34	86
36	36	91
38	38	97
40	40	102
42	42	107
44	44	112

To complete: get the factory's **full measurement spec sheet** (hip, thigh, knee, bottom opening, front and back rise, inseam and outseam length) for every size, and add it to the chart. Show measurements in **both inches and cm**, plus a small diagram of *how to measure*.

6. Fit Types and Styles

Fit	Description for the website
Comfort fit (current)	A relaxed fit through the seat and thigh with a straight leg, made for all-day comfort. The cotton-Lycra stretch allows easy movement.
Future options (if the factory can make them)	Slim fit, regular fit, and an elasticated-waist comfort fit

Style details to confirm with the factory: waistband (plain or elastic sides), closure (zip and button), pockets (2 side and 2 back, or 5-pocket), belt loops, and finish (washed or soft finish).

7. Fabric Composition

Item	Detail
Fabric	**Cotton Lycra** (stretch twill)
Composition	**To confirm**, for example *97% cotton, 3% elastane (Lycra)*
Fabric weight	**To confirm** in GSM (for example 220–260 GSM)
Care	Machine wash cold, wash dark colours separately, do not bleach, warm iron, line dry
Selling points	Soft, breathable cotton; stretch for comfort; colour-fast dyeing; durable stitching

Buyers in the Gulf and Europe check the composition on the label, so the exact percentage must be on the website, the product tags and the invoice.

8. Pricing and Inventory

★ Recommendation

Do not show the price on the website. B2B export sites use **"Request a Quote"**, because prices change with quantity, colours, packing and Incoterm (FOB or CIF). Share prices only in the quotation or PI.

Current price

Item	Amount
Quoted price	**US$5.50 per piece**
Exchange rate (approximate, early November 2026)	**about ₹94.7 per US$1** (Kantipur, 5 Nov 2026)
US$5.50 in rupees	**about ₹521 per piece**
500 pieces (MOQ)	US$2,750, about **₹2,60,425**

★ Margin warning

If our **purchase cost is ₹490 per piece**, then US$5.50 (about ₹521) leaves only **about ₹31 (6%)** before polybags, cartons, transport to port, export documents, bank charges and any commission. **That is too thin.** A safer FOB price is about **US$6.75–7.25** (about ₹640–685), which gives roughly a 20–25% margin. Use US$5.50 only for very large orders, or confirm it already includes all costs.

Inventory

Item	Detail
Stock model	**Made to order** (job work production)
Sample lead time	7–10 days
Bulk lead time	**30–45 days** after order confirmation
MOQ	500 pieces (confirm whether colours and sizes can be mixed within the 500)
Ready stock	To confirm with the factory

9. Product Descriptions

Short description (product card)

> **Cotton Lycra Comfort Fit Pants.** Soft, stretchable casual cotton pants in 15–20 colours and sizes 28–44. Individually polybag packed. MOQ 500 pieces.

Full description (product page)

Our **Cotton Lycra Comfort Fit Pants** combine the breathability of cotton with the stretch of Lycra for all-day comfort. Designed with a relaxed comfort fit through the seat and thigh and a clean straight leg, they suit everyday casual and smart-casual wear.

Available in **15–20 colours**, from classic black, navy and khaki to olive, maroon and earth tones, and in **waist sizes 28 to 44**. Each piece is quality checked and individually polybag packed, ready for retail.

Produced through **job work at our partner manufacturing facilities in South India** and exported by Epic and Flair Ecom Pvt. Ltd. Private label, custom colours and mixed size ratios are available on request.

MOQ: 500 pieces · **Sample:** 7–10 days · **Bulk lead time:** 30–45 days · **Shipping:** FOB / CIF
